2017 SUMMER INTERNSHIP FOREST STEWARDS GUILD

The Forest Stewards Guild invites students at the college or graduate level to apply for a paid summer internship to work on forest-related issues in New Mexico. The position will be based out of our Santa Fe office. Internships will be grounded in active projects related to forestry, fire ecology and ecological health. Guild staff will accommodate the workload to the student's interests and schedule. Previous interns have assisted Guild staff in a variety of projects including community forestry, national policy, ecological monitoring, and youth training initiatives.

Jump-start your career in landscape restoration and positively influence natural resource and land management! Learn valuable skills and work on a motivated team of forestry professionals.

WHAT WE DO

The Forest Stewards Guild practices and promotes responsible forestry as a means of sustaining the integrity of forest ecosystems and the human communities dependent upon them. The Guild engages in education, training, policy analysis, research, and advocacy to foster excellence in stewardship, support practicing foresters and allied professionals, and engage a broader community in the challenges of forest conservation and management.

MAKE A DIFFERENCE IN 2017

- ~ Restore resilience in ponderosa pine and dry mixed conifer ecosystems
- ~ Inspire youth and share skills in ecological monitoring techniques
- ~ Engage in project planning, monitoring, outreach, forestry prescriptions, and CFRP grant implementation
- ~ Build Fire Adapted Communities and wildfire protection plans in New Mexico

These are just a few of the projects you can be involved in. Check out our website, forestguild.org/southwest for a full list of projects.

Interested students should submit a one-page cover letter and resume to Matt Piccarello (matt@forestguild.org) by February 20th. Ph: 505.983.8992 ext. 14. Specify your earliest available start date, and areas of interest. The Guild seeks interns with experience in forestry and/or ecology-based fieldwork and excellent data collection and communication skills. Interns will be responsible for lodging and living expenses in Santa Fe NM.

If you have your own funding source and you would like to be considered for a second internship, contact us!
