

Looking for a Summer Internship?

The Forest Ecosystem Monitoring Cooperative is looking for four summer field interns to assess forest plots as part of a statewide forest health monitoring program. Interns will work closely with forest health professionals to establish monitoring plots and collect various forest health data throughout the state of Vermont.

Who are we looking for? Someone who...

- ◆ Has Taken Dendrology (NR21) or Knowledgeable of common tree and herbaceous species in our area (Required)
- ◆ Is Comfortable with GPS Navigation
- ◆ Preferably has had exposure to forest inventory sampling techniques (d-tapes, prisms, measuring tape, hypsometers, etc.)

Start Date: June 11, 2018 **End Date:** August 17, 2018

Compensation: \$11.50/hour

To Apply:

Send a resume and one reference letter to John.truong@uvm.edu by **February 23**
