

## Eastern NY Apple IPM Training

A classroom style Integrated Pest Management (IPM) training for apple growers

Champlain Valley: April 21<sup>st</sup>  
Clinton County CCE Office, 6064 Rte 22, Plattsburgh, NY

Upper Hudson Valley: April 22<sup>nd</sup>  
Saratoga County CCE Office, 50 W High St, Ballston Spa, NY 12020

This 'pre-season' classroom training will cover IPM theory, major pests requiring management in commercial orchards, resources available to help you (including the NEWA website), and an example IPM plan.

This is the perfect place for new growers to learn about IPM, experienced orchardists to refresh their knowledge, and an opportunity to train the next generation or an employee on your farm.

### **NYS DEC Credits Available (3.5 Credits for Categories 1a, 10, 22)**

Each training will be offered twice: once in the Champlain Valley and once in the Capital District

### **Highlights**

- IPM Theory: what is it and why do it? *Art Agnello*
- Disease and Insect pests: biology, monitoring, and management *Art Agnello and Kerik Cox*
- NEWA web-based monitoring systems: how to make the most of it *Julie Carroll*
- Explanation of Tree Row Volume *Dan Donahue*
- Example IPM Plan *Harvey Reissig*

### **PRE-REGISTRATION IS REQUIRED!**

**Registration is \$15 per person to cover lunch expenses**

Please register by April 17<sup>th</sup>

For more information or to register by phone please contact  
Anna Wallis at 443-421-7970 or [aew232@cornell.edu](mailto:aew232@cornell.edu)

**On-line registration can be accepted as well by visiting our website: <http://enych.cce.cornell.edu/>**

### **Summer Field Trainings**

The 'pre-season' classroom training will be followed up by a series of field trainings throughout the season, each focusing on a different topic or pest. They will be short, informal meetings, held on commercial orchards. These events will be Free of charge. Locations and Dates TBD.
