

# ADBCAP SYMPOSIUM

## INNOVATION and COLLABORATION for Agricultural Biosecurity

The Animal Disease Biosecurity Coordinated Agricultural Project (ADBCAP) is a multi-institutional collaborative supported by the USDA National Institute of Food and Agriculture.

Integrating social science, human decision-making, economic and animal health perspectives for prevention, recognition and control of emerging or foreign agricultural pests and diseases.

Prevention of  
Agricultural  
Diseases & Pests

Recognition and  
Detection of  
Outbreaks

Response for  
Managing and  
Mitigating Harm

United States Department of Agriculture  
National Institute of Food and Agriculture

The Animal Disease Biosecurity Coordinated Agricultural Project (ADBCAP) is supported by the USDA National Institute of Food and Agriculture, under award number 2015-69004-23273.
