## MELISSA H. PESPENI

University of Vermont, Department of Biology 326A Marsh Life Sciences, 109 Carrigan Drive, Burlington, VT 05405 831-601-8345 • mpespeni@uvm.edu • http://blog.uvm.edu/mpespeni/

EDUCATION		
2010 2002 2002	Ph.D., Biology, Stanford University B.S., Ecology, Behavior & Evolution, University of California, San Diego B.A., Critical Gender Studies, University of California, San Diego	
Professio	NAL EXPERIENCE	
2020-now 2017-2024 2014-2020 2011-2014 2010-2011 2006-2008 2002-2005 2001-2002	Associate Professor, Department of Biology, University of Vermont (UVM) Director, Quantitative & Evolutionary STEM Traineeship (QuEST), University of Vermont Assistant Professor, Department of Biology, University of Vermont National Science Foundation Postdoctoral Fellow in Biology, Indiana University National Science Foundation-funded Postdoctoral Fellow, Stanford University National Science Foundation Graduate Research Fellow, Stanford University Research Scientist, University of California, San Francisco Ronald E. McNair Fellow, University of California, San Diego	
GRANTS		
2024-2029	Pending: NIH MIRA, "Evolutionary genomics of complex traits in the wild and the lab,"	
2022-2024	M.H. Pespeni (PI). \$1,884,916  NASA EPSCoR, "Sea Star Wasting Disease as a Model for Understanding Skin Dysbiosis in Space," M.H. Pespeni (PI). \$38,000	
2020-2022	National Science Foundation, "EAGER: An Ecologically Inspired Human-Machine Intelligence Approach to Recognizing Similitude in Multi-Scale Watershed Research," S. Hamshaw (PI), Co-PIs: D. Rizzo, B. Lee, <b>M.H. Pespeni</b> , K. Underwood. \$299,971	
2020-2025	National Science Foundation, "CAREER: Mechanisms and costs of temperature adaptation along a latitudinal cline for the coastal copepod, Acartia tonsa," <b>M.H. Pespeni (PI)</b> . \$1,455,775	
2017-2022	National Science Foundation, "NRT: <u>Quantitative &amp; Evolutionary STEM Training</u> (QuEST): An Integrative Training Program for Versatile STEM Professionals to Solve Environmental and Global Health Problems," <b>M.H. Pespeni (PI)</b> , Co-Pls: L. Stevens, V. Kanagala, S.R. Keller, L. Hebert-Dufresne. \$3,000,000	
2017-2021	National Science Foundation, RII Track-2: "Using biophysical protein models to map genetic variation to phenotypes," F.M. Ytreberg (PI), Co-PIs: H. Wichman, B.L. Lockwood, C. Miller, D.M. Weinreich, B. Ogbunugafor, <b>M.H. Pespeni</b> . \$6,000,000 total, \$355,875 to Co-I Pespeni	
2016-2019	National Science Foundation, "Collaborative Research: Transgenerational phenotypic and genomic responses of marine copepods to the interactive effects of temperature and CO <sub>2</sub> ," <b>M.H. Pespeni (PI)</b> , Collaborators at U.Conn.: H. Dam (PI), Co-PIs: H. Baumann, M. Finiguerra. \$886,917 total, \$377,233 to PI Pespeni	
2016-2017	National Science Foundation, "RAPID: Investigation of natural selection and host-microbiome-virome interactions in an unprecedented and ongoing marine epidemic", <b>M.H. Pespeni (PI)</b> . \$196,449	
2004	National Institutes of Health, NIGMS supplement to RO1 to support diversity in STEM,	

M.H. Pespeni co-wrote with J.F. Pittet (PI), \$67,165

### **FELLOWSHIPS**

2011-2014	National Science Foundation, Postdoctoral Fellowship in Biology, \$189,000
2011-2014	National Institutes of Health, National Research Service Award (NRSA) Post-doctoral
	Fellowship, withdrew to accept NSF Postdoctoral Fellowship
2006-2008	National Science Foundation, Graduate Research Fellowship, \$123,000
2001-2002	Ronald E. McNair Fellow, University of California, San Diego, \$5,500

## **HONORS & AWARDS**

X AWARDS
Kroepsch-Maurice Excellence in Teaching Award, Student nominated, Finalist, University of Vermont
Inaugural Donald L. Mykles Visiting Scholar in Integrative Biology, University of California, Davis, Bodega Marine Laboratory
Faculty Mentor Award, Honored as Runner Up for the Student Research Conference, University of Vermont
Blavatnik Young Investigator Award Nominee, Selected as the nominee for Life Sciences at UVM
National Science Foundation Waterman Award Nominee, Selected as the nominee for UVM in association with NSF CAREER award
Blavatnik Young Investigator Award Nominee, Selected as the nominee for Life Sciences at UVM
Graduate Student Senate Excellence in Teaching Award Nomination, UVM
Early Career Travel Award, Association for the Sciences of Limnology and Oceanography (\$500)
Selected participant, National Science Foundation Workshop on Writing and Productivity for Young Investigators, Pembroke, VA
Best Student Paper, Honorable mention, Western Society of Naturalists
Jane Miller Scholars Award (\$1000)
Graduate Student Highlights Poster Discussion, FASEB Experimental Biology

### **PUBLICATIONS**

Pespeni lab mentees are bolded.

## Preprints and manuscripts submitted or in review/revision:

- 44. **Ashlock, Crooker, Kaloudis, Pespeni, M.H.** Thermal tracking along a latitudinal gradient and physiological tradeoffs in temperature and salinity tolerance among life stages in a foundational estuarine copepod. *In review* at *Oikos*.
- 43. **Brennan, R.S.**, deMayo, Finiguerra, M.B., Baumann, H., Dam, H.G., and **Pespeni, M.H.** Complementary genetic and epigenetic changes shape rapid adaptation to multiple global change stressors. *In revision*.
- deMayo, J.A., **Brennan, R.S.**, **Pespeni, M.H.**, Jaspers, C., Dam, H., Varpe, O., and Lee, C.E. Limits and costs of adaptation in the Anthropocene. *In revision* at *TREE*.
- 41. **Brennan, R.S.**, & **Pespeni, M.H.** Evolve and resequence from natural populations: A powerful tool for understanding the mechanisms of and potential for adaptive evolution. *In revision*.

## Journal articles published or in press:

- 40. **Ashlock, Darwin, Crooker,** deMayo, Dam, **Pespeni**. 2024 Developmental temperature, more than long-term evolution, defines thermal tolerance in an estuarine copepod. *Ecology and Evolution*. *14*(2), e10995.
- 39. deMayo, J.A., **Brennan, R.S.**, **Pespeni, M.H.**, Finiguerra, M.B., Norton, L., Park, G., Baumann, H. and Dam, H.G. (2023) Simultaneous warming and acidification limits population fitness and reveals phenotype costs for a marine copepod. *Proceedings of the Royal Society, B. 290*(2006), 20231033.
- 38. **Petak, C.**, Frati, L., **Pespeni, M. H.**, & Cheney, N. (2023). Coping with seasons: evolutionary dynamics of gene networks in a changing environment. *Proceedings of the Companion Conference on Genetic and Evolutionary Computation*. 163-166.
- 37. **Pespeni**, **M.H** and **Lloyd**, **M.M**. (2023) Sea stars resist wasting through an active immune and collagen systems. *Proceedings of the Royal Society*, *B*., 290: 20230347.
- 36. **McCracken, A.R.**, Christensen, B.M., Munteanu, D., Case, B.K.M., **Lloyd, M.M.**, Herbert, K.P. & **Pespeni, M.H.** (2023) Microbial dysbiosis precedes signs of Sea Star Wasting Disease in wild populations of *Pycnopodia helianthoides. Frontiers in Marine Science*.
- 35. **Petak, C.**, Frati, L., **Brennan, R.S.**, & **Pespeni, M.H.** (2023) Whole genome sequencing reveals regulatory and low pleiotropy variants underlie local adaptation to environmental variability in purple sea urchins. *The American Naturalist*.
- 34. **Brennan, R.S.**, deMayo, Dam, H.G., Finiguerra, M.B., Baumann, H., Buffalo, V., and **Pespeni, M.H.** (2022) Experimental evolution reveals the genomic mechanisms of rapid adaptation to warming and acidification in a marine copepod. *Proceedings of the National Academy of Sciences*, 119:38, e2201521119. Press release.
- 33. **Brennan, R.S.**, deMayo, Dam, H.G., Finiguerra, M.B., Baumann, H., and **Pespeni, M.H.** (2022) Loss and recovery of transcriptional plasticity after long-term adaptation to global change conditions in a marine copepod. *Nature Communications*, 13:1, 1-13. <u>Press release</u>
- 32. **Shore, E.A., Huber, K., Garrett, A.D.**, and **Pespeni, M.H.** (2022) Four plastic additives reduce larval growth and survival in the sea urchin, *Strongylocentrotus purpuratus. Marine Pollution Bulletin*, 175, 113385.
- 31. Dam, H.G., deMayo, J.A., Park, G., Norton, L., He, X., Finiguerra, M.B., Baumann, H., **Brennan, R.S.**, and **Pespeni, M.H.** (2021) Rapid, but limited, zooplankton adaptation to simultaneous warming and acidification. *Nature Climate Change*, 11, 780–786.
- 30. **Shore, E.A.,** deMayo, J.A., and **Pespeni, M.H.** (2021) Microplastics reduce net population growth and fecal pellet sinking rates for the marine copepod, *Acartia tonsa. Environmental Pollution*, 284, 117379.
- 29. **Pespeni, M.H.** and Moczek, A.P. (2021) Signals of selection beyond bottlenecks between exotic populations of the bull-headed dung beetle, *Onthophagus taurus. Evolution & Development*, 23:2, 86-99.

(2004) Stress-induced inhibition of the NF- B signaling pathway results from the insolubilization of the lkK complex following its dissociation from Hsp90. *Journal of Immunology*, 174, 384-94. \* Equal contributions.
- 1. Lee, H.,\* **Pespeni, M.H.**,\* J. Roux, P.A. Dennery, M.A. Matthay, and J.F. Pittet. (2004) HO-1 induction restores c-AMP-dependent lung epithelial fluid transport following severe hemorrhage in rats. *The FASEB Journal*, 19, 287-9. \* Equal contributions.

## Refereed book chapters:

1. Moczek, A.P., Kijimoto, T., Snell-Rood, E., Rocha, G., **Pespeni, M.H.**, and Kafadar, K. (2014) Evolutionary and ecological genomics of developmental plasticity: novel approaches and first insights from the study of horned beetles. In: Ecological Genomics; edited by C. Landry and N. Aubin-Horth. Springer Verlag, Berlin, 127-148.

## **TEACHING**

Courses:	
2024	Intro to Ecological Genomics (BIOL 3990, 4 credits, 16 students), Advanced undergraduate hands-on data analysis course, University of Vermont
2024	Genomics of Global Change (BIOL 6990, 1 credit, 8 students), Graduate reading and writing course, University of Vermont
2019-now	Genetics (BCOR 2300, 3 credits, ~200 students), Sophomore-level Genetics course for science majors, University of Vermont
2018-now	BILDS/QuEST Seminar (BIOL 381, 1 credit, 30 trainees), Traineeship seminar, Cogenerative learning course with JEDI work, professional development, and invited speakers, University of Vermont
2015-now	Ecological Genomics (BIOL 381, 4 credits), Applied graduate course, Co-Primary Instructor with Dr. Keller (Plant Biology), University of Vermont
2022	Hot Topics in Evolution (BIOL 371, 2 credits, 7 students), Graduate reading and writing course, University of Vermont
2021	Genetics Enrichment Colloquium (BIOL 196, 1 credit, 22 students), Undergraduate co-generative seminar on issues of equity, justice, diversity, inclusion, ethics, and science communication on topics related to genetics (eugenics, vaccine hesitancy, CRISPR, JEDI in STEM spaces), University of Vermont
2021	Foundations of Evolution (BIOL 381, 1 credit, 8 students), Graduate reading course, University of Vermont
2016-2019	BioLunch (BIOL 381, 1 credit), Graduate student seminar, University of Vermont; Student presentations and professional development activities including discussion with external panelists on "Many Career Paths with your PhD/MS," Time Management, "Storyboarding for Journal Article Writing," and "Improv for SciComm"
2015-2019	Exploring Biology (BCOR 012, 4 credits), 2 <sup>nd</sup> semester intro bio for science majors, University of Vermont
2015	Hot Topics in Evolutionary and Ecological Genomics (BIOL 381, 1 credit), Graduate colloquium, University of Vermont
2011	Population genomics using next-generation sequencing, Intensive graduate course, Co-Instructor, Stanford University

#### **Guest lectures:**

2024	Liberal Arts Scholars Program CURE, University of Vermont
2018	Introduction to Marine Biology, University of Vermont
2018	Emerging Science, Technology, & Health, University of Vermont
2015-2017	Ecology and Evolution, University of Vermont
2007-2009	Molecular Ecology, Stanford University

## Advancement of pedagogy

- 2023 Transparency in Learning and Teaching (TILT), eight-week workshop, Center for Teaching and Learning, University of Vermont
- 2023 One-on-one workshop discussion with Dr. Bryan Dewsbury, Florida International University, regarding cultivating an inclusive learning environment and finding the right structure and content balance to maximize learning in introductory biology courses such as Genetics

- 2023 Inclusive teaching workshop led by Drs. Viji Sathy and Kelly Hogan of the University of North Carolina
- 2021 Workshop participant "Anti-racist pedagogy" led by Dr. Clarence Gravlee of University of Florida, University of Vermont
- 2021 Workshop participant "Anti-Racism in Biology" with Dr. Brandon Ogbunugafor of Yale University, University of Vermont
- 2021 Book group participant, *Making Black Scientists: A Call to Action* with Biology Department, University of Vermont
- 2021 Workshop participant "Contemplative Practices for Anti-Racist Education & Trauma Informed Teaching" with Dr. Kamilah Majied of CSUMB, University of Vermont
- 2020 Book group participant "Lessons from Cheating", University of Vermont
- 2018 Workshop participant "Diversity and Inclusion in the Classroom", University of Vermont
- 2018 Workshop participant "Mentoring Writing in the Lab", University of Vermont
- 2018 Discussion participant "Excellence in Teaching: A Discussion with the Kroepsch-Maurice Award Recipients", University of Vermont
- 2016 Workshop participant "Mentoring the Writing of Emerging Scientists", University of Vermont
- 2015 Faculty training on "Undergraduate STEM Research Mentoring", 8-week program, part of the NIH National Research Mentoring Network, University of Vermont
- 2014 Semester-long series of workshops on active learning, effective teaching, and establishing, meeting and assessing learning objectives (Universal Design for Learning), Center for Teaching and Learning, organized by the College of Arts & Sciences, University of Vermont
- 2012 Active learning roundtable, "From Note-taking to Knowledge-making: Engaging Students in Scientific Inquiry," Indiana University
- 2012 Workshop on active learning and increasing minority representation in STEM fields, led by Dr. Scott Freeman of University of Washington, Indiana University
- 2005 Inquiry-based Learning, Semester-long course with practice, Stanford University

## **MENTORSHIP**

## Postdoctoral fellows:

Victoria Glynn, National Science Foundation Postdoctoral Research Fellow (2024-)

Daniel Sadler, Office of Research Funded Postdoctoral Fellow (2024-)

Emily Longman, National Science Foundation Postdoctoral Research Fellow (2023- )

Joaquin Nunez, Henderson-Harris Postdoctoral Research Fellow (2023-2024, successful transition to tenure-track faculty in Biology at UVM)

Matthew Sasaki, National Science Foundation Postdoctoral Research Fellow (2022-)

Reid Brennan, National Science Foundation-funded Postdoctoral Fellow (2017-2021)

Easton White, QuEST Postdoctoral Fellow (Nov 2018-2020)

Melanie Lloyd, National Science Foundation-funded Postdoctoral Fellow (2015-2018)

#### PhD students:

Ericka Griggs, National Science Foundation Graduate Research Fellow (2023- ) Co-advisor Andrew McCracken, National Science Foundation Graduate Research Fellow (2021- ) Csenge Petak, National Science Foundation-funded QuEST Fellow (2019- )

Alison Hall, National Science Foundation-funded QuEST Fellow (2019-)

Lauren Ashlock, National Science Foundation-funded QuEST Fellow (2016-2022)

#### MS students:

Emily Shore (2018-2020)

April Garrett, National Science Foundation Graduate Research Fellow (2015-2020)

#### Peer mentoring:

Joaquin C.B. Nunez, Henderson-Harris Fellow (2023-2024), Assistant Professor of Biology (2024-)

Princess Rodriguez Ramirez, Assistant Professor, Department of Microbiology and Molecular Genetics (2024-)

## **Summer Interns associated with NSF CAREER Award:**

Chanchal Saratkar (2023-)

Aly Rodger (2023-)

Jamie Cull-Host (2023)

Ali Arvelo (2023)

Sonia John (2021)

Sam Lerner (2021-2023)

Alanis Papoulias (2021-2023)

Oumaima Sriji (2021)

## **Undergraduates with independent research projects:**

Chanchal Saratkar, Honors College thesis advisor (2023-)

Aly Rodger, Honors College thesis advisor (2023-)

Emily Kaloudis, Honors College thesis advisor (B.S. Biological Sciences, UVM, 2019-2022)

Hannah Buscher, Awarded SURF Summer Research Award, Honors College thesis advisor (B.S. Biological Sciences, UVM, 2019-2022)

Jessica Crooker, Awarded SURF Summer Research Award, Honors College thesis advisor (B.S. Biological Sciences, UVM, 2019-2020)

Chelsea Darwin, Awarded APLE Summer Research Award, Honors College thesis advisor (B.S. Biological Sciences, UVM, 2018-2020)

Anya Steinhart, Awarded Kay Summer Research Award, (Mechanisms of resilience to extreme fresh water events in the variegated sea urchin, UVM, 2017-)

Aubrey Pelletier, Awarded APLE Summer Research Award, Honors College thesis advisor (Genetics and biochemistry of Carbonic anhydrase in the purple sea urchin, UVM, 2017-2019)

Kaitlin Huber, Honors thesis advisor (Impacts of untested, but commonly found plastic leachates on sea urchin development, UVM, 2016-2019)

Rebecca Nesnevich, Awarded APLE Research Award, Honors College undergraduate thesis advisor (Tissue specificity of the microbiome in Sea Star Wasting Disease, UVM, 2015-2018)

Ryan Tartre, Honors College thesis advisor (with Dr. Joe Roman, Fish forensics of community supported fisheries in the Gulf of Maine, UVM, 2016)

Annabel Beichman (Population genetics of targets of selection in the purple sea urchin, Harvard University undergraduate, summer intern, Stanford University, 2010)

Kara Yeung (Population genetics of the cubilin gene in the purple sea urchin, Crystal Springs Uplands School student, summer intern, Stanford University, 2010)

William Moller (Genetics and biochemistry of pyruvate kinase in the purple sea urchin, Stanford University, 2010)

Christa Morris (Reversals in gene flow along the purple urchin species range, Stanford University, 2010)

## **Graduate Student Dissertation & Thesis Committees:**

Rachel Cray (2024-now, Ph.D., Rubenstein School, UVM, Chair)

Edouard Rugema (2024-now, Ph.D., Rubenstein School, UVM, Chair)

Shelby Scarfo (2024-now, M.S., Rubenstein School, UVM, Chair)

Thea Cole (2024-now, MS, California State University Long Beach)

Lapo Frati (2024-now, Ph.D., Complex Systems, UVM, Chair)

Katja Seebass (2024-now, Ph.D., GEOMAR Kiel, Germany)

Adebukola Aborigho (2023-now, Ph.D., Natural Resources, UVM)

Samuel Rosenblatt (2023-2024, Ph.D., Complex Systems, UVM, Chair)

Hannah Shafer (2022-now, Ph.D., Plant Biology, UVM)

Masoumeh (Massi) Khodaverdi (2021-now, Ph.D., Plant Biology, UVM)

Blair Christensen (2021-now, Ph.D., Plant Biology, UVM)

Ben Camber (2021-now, Ph.D., Biology, UVM)

Thomas O'Leary (2020-now, Ph.D., Biology, UVM)

Baxter Worthing (2020-now, Ph.D., Plant Biology, UVM)

Suraj Bhattarai (2019-2023, Ph.D., Animal Sciences, UVM)

James deMayo (2019-2021, Ph.D., Marine Sciences, University of Connecticut)

Lauren Ash (2018-2022, Ph.D., Biology, UVM)

Amanda Northrop (2018-2020, Ph.D., Biology, UVM)

Aayudh Das (2017-2022, Ph.D., Plant Biology, UVM)

Karl Fetter (2016-2019, Ph.D., Plant Biology, UVM)

Korin Eckstrom (2016-2018, M.S., Animal Sciences, UVM)

Judith Keller (2015-2018, Ph.D., Biology, UVM)

Kristian Brevik (2015-2020, Ph.D., Plant and Soil Sciences, UVM)

Undergraduate advising: Meet and/or correspond with approximately 40 advisees from four majors each semester to chart their 4-year plan, discuss course options, major and minor requirements, and career, internship, and study abroad opportunities. I also write many letters of recommendation and direct students in need to learning and social/emotional resources. I meet with most advisees 1-2 times per semester for 15-60 minutes each.

## JUSTICE, EQUITY, DIVERSITY, & INCLUSION WORK (SELECTED)

Collection of a wide-range of activities that work toward a more just, equitable, and inclusive spaces and systems in the sciences and in the academy. *Note*: Some activities overlap with other sections.

Americans in Science (SACNAS), University of Vermont

2023 Discussion leader – How to create an inclusive environment in the marine sciences

and at a marine lab. Bodega Marine Lab, University of California, Davis

2022-now Henderson-Harris Fellow Recruiter and Mentor – Dr. Joaquin Nunez, UVM program

that offers a pathway to tenure-track faculty member for candidates with

underrepresented identities in the academy.

2021 Participant in Anti-racist pedagogy workshop led by Dr. Clarence Gravlee of

University of Florida

2021 Met with college leaders and student services to advise on forming affinity groups in

classroom settings based on the success of my Genetics Enrichment Colloquium.

2021 Mentored and funded four summer interns in my lab, all from groups

underrepresented in STEM.

2021 Participant in a two-part Anti-racism in Biology workshop and book discussion led by

Dr. Brandon Ogbunugafor of Yale University

<ul> <li>Workshop participant "Contemplative Practices for Anti-Racist Education &amp; Trauma Informed Teaching" with Dr. Kamilah Majied of CSUMB, University of Vermont Hosted <i>Picture a Scientist</i> film screening and discussions for QuEST trainees and faculty, Biology faculty, and undergraduates in my Genetics courses.</li> <li>Developed new, anti-racist, decolonized course content and structure for my two Genetics courses.</li> <li>Developed and Advocated for recommendations for the Recruitment and Retention of Faculty of Color; Resolution approved by the Faculty Senate &amp; Council of Deans Invited Panelist, Beyond Brave Spaces: An imperative: Addressing Barriers and Growing Diversity, Equity and Inclusion in STEM to Advance Innovation and Solutions. # ACADEMIC SERVICE (SELECTED)

2024-	Associate Editor for Proceedings of the Royal Society London B
2024	Co-Organizer for Inaugural Northern New England Microbiome Symposium, ~150
	attendees, University of Vermont

2023 2023-2024	Strategic Vision Planning Committee Member, College of Arts & Sciences Fisheries Biologist Search Committee Member, Rubenstein School for the Environment & Natural Resources, University of Vermont
2023	Evolutionary Biologist Search Committee Member, Department of Biology, University of Vermont
2022-2023	Selected Symposium Co-Organizer, ASLO Aquatic Sciences Meeting, Resilience and Recovery in Aquatic Systems, Palma de Mallorca, Spain
2022-2023	Biological Anthropology Search Committee Member, Focus on contemporary human populations and health inequities, Department of Anthropology, University of Vermont
2018	Participant, NSF Research Coordination Network, Evolution in Changing Seas
2017	Participant, Sea Star Wasting Disease Strategic Action Network
2017-now	Director, NSF Research Traineeship: Quantitative & Evolutionary STEM Training
2014-now	Faculty participant for Admitted Student Visit Days & Majors Fairs, College of Arts & Sciences, University of Vermont
2014-now	Graduate Affairs Committee, Department of Biology, University of Vermont
2015-2016	BCOR Learning Objectives Assessment Group, University of Vermont
2010	Graduate student participant, Center for Ocean Solutions Faculty Search, Stanford University
2009	Search committee member, Marine Cell Biologist Faculty Search, Stanford University
2007	Lead organizer, Graduate student invited Fall Seminar Series, Stanford University
Reviewer for	: Proceedings of the National Academy of Sciences, Proceedings of the Royal Society B, Nature Climate Change, Nature Ecology & Evolution, Ecology, Science

Advances, PLoS Genetics, Evolution, Molecular Biology & Evolution, Genome
Biology & Evolution, Molecular Ecology, Global Change Biology, Trends in Ecology
& Evolution, The American Naturalist, Biology Letters, Functional Ecology,
Evolutionary Applications, PLoSONE, Annals of Applied Statistics, Polar Biology,
Marine Ecology Progress Series, Frontiers in Marine Science

Grant reviewer for: National Science Foundation (panels and ad hoc), Natural Environment Research Council (NERC, leading UK funding agency), Fonds de recherche du Québec (Canadian state funding agency), National Geographic Society, Sea Grant, Vermont Genetics Network

**Society memberships:** Society for the Study of Evolution, Society for Integrative and Comparative Biology, Western Society of Naturalists, Association for the Sciences of Limnology and Oceanography

## **SEMINARS & PRESENTATIONS**

#### **Invited Seminars**

- 2024 Duke University, Marine Laboratory, Graduate Student Invited Speaker. Beaufort, North Carolina (*forthcoming*)
- 2024 Auburn University, Department of Biology Invited Seminar Speaker. Auburn, Alabama (forthcoming)
- 2024 GEOMAR Helmholtz Centre for Ocean Research, Invited Seminar Speaker. Kiel, Germany
- 2024 Society for Experimental Biology Annual Conference, Invited Speaker. Prague, Czech Republic

- 2023 Mykles Visiting Scholar in Integrative Biology Community Lecture, University of California, Davis, Bodega Marine Laboratory
- 2023 Mykles Visiting Scholar in Integrative Biology Research Seminar, University of California, Davis, Bodega Marine Laboratory
- 2023 Gothenburg University, Tjärnö Marine Laboratory Seminar, Tjärnö, Sweden
- 2023 University of Helsinki, HiLIFE Helsinki Institute of Life Science Seminar. Helsinki, Finland
- 2022 *Symposium Speaker*: Vice Presidential Symposium for the American Society of Naturalists at the Evolution Meeting. Cleveland, OH.
- 2022 University of Queensland, School of Biological Sciences Seminar. Invited Speaker. Brisbane, Australia
- 2021 Wesleyan University, Biology & Molecular Biology & Biochemistry Symposium Series. Invited Speaker. Middletown, CT.
- 2021 Université du Québec à Montréal, EEB Seminar Series. Graduate Student Invited Speaker. Montreal, Canada
- 2020 *Invited Panelist Presenter*, Beyond Brave Spaces: An imperative: Addressing Barriers and Growing Diversity, Equity and Inclusion in STEM to Advance Innovation and Solutions.

  <u>YouTube Live Event</u> (Pespeni segment: 31:00-49:00). Burlington, VT.
- 2020 University of California, Berkeley, Grad-student invited speaker, Williams group. Virtual. Berkeley, CA.
- 2020 Society for Integrative and Comparative Biology, Genome-to-Phenome Symposium speaker. Austin, TX.
- 2019 *Invited speaker*: Gordon Research Conference: Ecological and Evolutionary Genomics, "Genomics of Rapid Evolution" session, Manchester, NH.
- 2019 *Keynote*: NetSci, Invitation to present on and discuss recruitment and retention for diversity in STEM higher education, co-presented with Dr. Vijay Kanagala, Burlington, VT.
- 2018 Washington State University, Graduate Student Invited Speaker for the School of Biological Sciences Seminar Series. Pullman, WA.
- 2018 University of Mass., Amherst, Organismic and Evolutionary Biology Seminar Series. Amherst, MA.
- 2018 Gordon Research Conference: Ocean Global Change Biology, Discussion Leader for "Epigenetics: Providing New Insight in Ocean Global Change Biology." Waterville, NH.
- 2018 *Keynote*: Gordon Research Symposium, Ocean Global Change Biology, "Spatial and Temporal Scales of Biological Response in Ocean Global Change Biology." Waterville, NH.
- 2018 *Keynote*: Society for Molecular Biology & Evolution, Ecological Genomics Symposium. Yokohama, Japan.
- 2018 Northeastern University and Marine and Environmental Science Graduate Student Association Graduate Student Invited Speaker. Nahant, MA.
- 2017 Stony Brook University, Graduate Student Invited Speaker for Departmental of Ecology & Evolution Seminar. Long Island, NY.
- 2017 Brown University, Departmental of Ecology and Evolutionary Biology Seminar. Providence,
- 2017 Vermont Advanced Computing Core meeting presentation. Burlington, VT.
- 2017 Université Laval, IBIS Departmental Seminar. Quebec City, Canada.
- 2016 CNRS Evolutionary Genomics Conference (invited from abstract). Roscoff, France.
- 2016 Université Brest, Departmental Seminar. Brest, France.
- 2016 Rutgers University, Departmental Seminar. New Brunswick, NJ.
- 2016 University of Chicago, Department of Ecology and Evolution Seminar. Chicago, IL.
- 2016 Bowdoin College, Departmental Seminar. Brunswick, ME.
- 2016 Marvin Lecture, Plant Biology Departmental Seminar. University of Vermont, Burlington, VT.
- 2015 Keynote: Ecological Genomics Symposium. Manhattan, KS.

- 2015 Developmental Biology of the Sea Urchin XXIII, Symposium speaker and session organizer. Woods Hole, MA.
- 2015 Association for the Sciences of Limnology and Oceanography, Symposium speaker. Granada, Spain.
- 2015 Complex Systems Research Group Seminar, University of Vermont. Burlington, VT.
- 2014 University of Connecticut, Department of Marine Sciences Seminar. Groton, CT.
- 2014 McGill University, Department of Biology Seminar. Montreal, Canada.
- 2014 National Academy of Sciences Kavli Symposium on the Genetics of Adaptation. Invited, but session did not occur.
- 2014 Harvard University. Cambridge, MA.
- 2014 Swarthmore College. Philadelphia, PA.
- 2014 University of Oregon, Oregon Institute of Marine Biology. Coos Bay, OR.
- 2014 Washington State University, St. Louis. St. Louis, MO.
- 2014 University of Georgia, Athens. Athens, GA.
- 2013 University of Vermont. Burlington, VT.
- 2013 Sonoma State University. Rohnert Park, CA.
- 2013 University of Central Florida. Orlando, FL.
- 2013 University of South Carolina. Columbia, SC.
- 2013 Georgia Institute of Technology. Atlanta, GA.
- 2013 University of Wyoming. Laramie, WY.
- 2013 Society for Integrative and Comparative Biology, Symposium speaker. San Francisco, CA.
- 2010 Bauer Forum Seminar, Harvard University. Cambridge, MA. Postdoc fellowship offered.
- 2009 Genomic Variation Lab, University of California, Davis. Davis, CA.
- 2007 Partnership for Interdisciplinary Studies of Coastal Oceans. Santa Barbara, CA.
- 2004 FASEB Experimental Biology, Graduate Student Highlights Discussion. Washington D.C.

## Contributed

- 2023 Aquatic Sciences Meeting, Resilience and Recovery in Aquatic Systems, Palma de Mallorca, Spain

# OUTREACH & COMMUNICATION (SELECTED)

2023-2024	Co-mentored (with postdoc M. Sasaki) three South Burlington High School students for their Science Fair project studying the impacts of road salt on copepod thermal tolerance; They earned First Place at the Vermont State competition and went to
2021	Los Angeles for the International Science and Engineering Fair, UVM Interactive elementary school presentation, "Climate Change: Impacts and Responses of Marine Life and What You Can Do." The Schoolhouse, South Burlington, VT
2019	"Origin of a biologist" by Joshua Brown; My personal to professional journey linked to my efforts in increasing diversity in STEM. Burlington, VT [article]
2019	Supported media coverage of our <i>Proceedings B</i> paper on genetic mechanisms of survival to extreme low pH conditions for sea urchin babies: <a href="https://doi.org/10.1007/journal.org/">UVM press release</a> , <a href="https://doi.org/10.1007/journal.org/">Lab Roots</a> , <a href="https://doi.org/10.1007/journal.org/">NewsWise</a>
2019	Interviewed and featured in a special issue on women in STEM in the UVM student-led <i>The Natural Philosopher</i> publication. Burlington, VT [article]
2018, 2019	Organized a round robin tour of our three lab spaces for three groups of 10 students from five local Community Colleges – the group emphasizes access for first-generation college students. Burlington, VT
2018	Organized visit and tour of my research labs for Clarendon Elementary School 5 <sup>th</sup> grade student, Summer Cichon, their parent, and the Principal of Clarendon Elementary School to discuss our work on Sea Star Wasting Disease, biological research, and careers in science. Burlington, VT
2018	Supported media coverage of <i>Scientific Reports</i> paper on Sea Star Wasting Disease: <u>UVM press release</u> , <u>WCAX TV</u> , <u>Monterey Herald</u> , <u>DW Science</u> , <u>Quartz</u>
2018-	Faculty mentor in Catamount Commitment – a commitment to mentor incoming first-generation college students from low-income families. Burlington, VT
2017	"DNA and Me" – Organized and led active learning session about how our lab studies DNA and how DNA relates to human and ecosystem health for 2 <sup>nd</sup> -5 <sup>th</sup> grade students at a local elementary school. South Burlington, VT
2017	Organized lab visit for Vermont Commons high school marine biology students; students moved through three stations in the molecular lab and the aquaculture labs, and learned about how and why each lab member became passionate about science and has pursued their interests through research. Burlington, VT
2017	Science Studio Podcast Interview, Discussion with host Keith Pannell on how and why I became a scientist and why what we do matters. Burlington, VT
2017	GRE Alternatives Workshop, Invited participant to improve models for graduate admissions processes that increase retention and diversity in STEM fields.  Organized by Northeast Alliance for Graduate Education and the Professoriate (NEAGEP). University of Massachusetts, Amherst, MA
2017	<u>Faculty profile video</u> of Dr. Pespeni as a Scholar-Teacher by UVM University Communications. Burlington, VT
2017	Organized campus visit to UVM for all K-5 students from a local school to learn about invertebrate diversity, molecular biology, microscopy, and data collection at four hands-on stations. Burlington, VT
2016	Showcase piece for the University of Vermont Quarterly on our sea star wasting disease research. Burlington, VT
2015	Worked with Ithaca College Film major on a short video about our ocean acidification research. Burlington, VT

Science communication on my research on the ability of urchins to evolve in response to ocean acidification; more than 10 interviews with local, national and international magazines, newspapers, and radio stations including <i>Scientific American, New Scientist, Science News for Kids, Mother Jones, Yale Environment 360,</i> LiveScience.com, TakePart.com, and more.  2013 Jim Holland Summer Science Research Program, Helped mentor a college-bound, underrepresented minority high school student in a weeklong intensive research experience. Bloomington, IN  2013 Science Olympiad, Developed and led hands-on entomology lab experiences and laboratory tour for middle school students. Bloomington, IN  2013 Washington Elementary, Developed and led arthropod diversity hands-on laboratory experience. Bloomington, IN  2014 Martin Luther King Jr. Day Diversity in Science at WonderLab, "Real Life Science: Anyone can be a scientist!" Developed beetle diversity outreach program for underrepresented minorities in the sciences. Bloomington, IN  2010-2011 McNair Fellow Panelist, Outreach for underrepresented minorities in graduate education. California State University, Monterey Bay, CA  2007 Science Communication with Policy Makers Workshop, Hopkins Marine Station of Stanford University, Pacific Grove, CA  2007 Science Communication with the Public and Media Workshop, COMPASS, University of California, Santa Cruz, CA  2006 Job Shadow Program, Outreach to minority female high school students. Hopkins Marine Station of Stanford University, Pacific Grove, CA  2005-2006 Diversity outreach in STEM, BioAlMs, Stanford University, Stanford, CA  2007 President, Science and Social Responsibility, Student Pugwash USA, University of California, San Diego  1997-1999 Chair, Muir Environmental Corps, University of California, San Diego	2014	Graduate recruitment event to increase diversity in STEM. Organized by Northeast Alliance for Graduate Education and the Professoriate (NEAGEP). University of Massachusetts, Amherst, MA
Jim Holland Summer Science Research Program, Helped mentor a college-bound, underrepresented minority high school student in a weeklong intensive research experience. Bloomington, IN  Science Olympiad, Developed and led hands-on entomology lab experiences and laboratory tour for middle school students. Bloomington, IN  Washington Elementary, Developed and led arthropod diversity hands-on laboratory experience. Bloomington, IN  Martin Luther King Jr. Day Diversity in Science at WonderLab, "Real Life Science: Anyone can be a scientist!" Developed beetle diversity outreach program for underrepresented minorities in the sciences. Bloomington, IN  McNair Fellow Panelist, Outreach for underrepresented minorities in graduate education. California State University, Monterey Bay, CA  Science Communication with Policy Makers Workshop, Hopkins Marine Station of Stanford University, Pacific Grove, CA  Science Communication with the Public and Media Workshop, COMPASS, University of California, Santa Cruz, CA  Job Shadow Program, Outreach to minority female high school students. Hopkins Marine Station of Stanford University, Pacific Grove, CA  Diversity outreach in STEM, BioAlMs, Stanford University, Stanford, CA  President, Science and Social Responsibility, Student Pugwash USA, University of California, San Diego	2013	response to ocean acidification; more than 10 interviews with local, national and international magazines, newspapers, and radio stations including <i>Scientific American</i> , <i>New Scientist</i> , <i>Science News for Kids</i> , <i>Mother Jones</i> , <i>Yale Environment</i>
Science Olympiad, Developed and led hands-on entomology lab experiences and laboratory tour for middle school students.
