

Our Speakers

John Kemmeren is a Bainbridge, NY Dairyman with 40 years of no-till experience on his 200 head dairy farm. His no-till practices along with crop rotation, cover cropping and keeping soil covered 365 days a year have helped his farm reach high yields, healthy soils and reduced fertilizer inputs as well. He will share his successes and challenges of no-till and cover cropping .

* * * *

Kevin Bradley, Associate Professor & Extension Weed Scientist at University of Missouri, works on weed management in corn, soybean, wheat, pasture and forages. His primary focus is on prevention and management of herbicide-resistant weeds. He will share his perspective on how cover crops, herbicide, and good weed control can work in no-till systems.

* * * *

Odette Menard is a Soil Conservation Hall of Fame and Medal of the Order of Agricultural Merit honoree who helps producers meet the challenge of adopting practices that increase soil health, improve yields, and increase efficiencies by letting soil organisms do their work. Her passion for soil health powers her work for Quebec's Ministry of Agriculture.

No-Till and Cover Crop Symposium

February 17, 2016

Sheraton Hotel & Conference Center

Burlington, Vermont

2016 No-Till & Cover Crop Symposium

UVM Extension's Champlain Valley Crop, Soil & Pasture Team and Northwest Crops & Soils Program

Join us on February 17th at the Sheraton Hotel & Conference Center in Burlington, Vermont

The UVM Extension's Champlain Valley Crop, Soil & Pasture Team & the Northwest Crops & Soils Program invite all farmers and technical advisers to attend this event dedicated to No-Till and Cover Cropping systems for field crop growers in our area. We are welcoming speakers from around the country and from Vermont – including Extension specialists, researchers, farmers and consultants.
