

# Maple Business and Forestry Webinar Series

August - December 2020

University of Vermont maple specialists will host a series of online webinars focused on business decision making and forestry practices. Learn about the best practices to integrate business management and sugarbush management for a thriving maple enterprise that targets profits and forest health. Topics will include: sugarbush leases and rental rates, tapping practices to optimize yield, tubing systems, tapping red maples, business entity set-up, sap-only enterprises and more.

Presenters will include: Abby van den Berg (Research Associate Professor), Mark Isselhardt (Maple Specialist), Mark Cannella (Extension Associate Professor), Chris Lindgren (Forest Business Coordinator), attorneys, foresters and industry specialists.

Visit the [Upcoming Events](#) page at [Maplemanager.org](http://Maplemanager.org) to complete your registration.

These online sessions are offered free of charge. Pre-registration is required for each individual session. To ensure enrollment and access to any advance materials, your registration must be completed at least 48 hours before the scheduled session.

Date	Time	Session Topic
