

LISTENING SESSIONS

Spring 2023 Apple Grower Meetings

Background/Purpose

The Risk Management Agency (RMA) is inviting interested parties to participate in a listening session to discuss the proposed changes to the apple crop insurance program. These proposed changes were published in a Proposed Rule with request for comments on December 16, 2021.

RMA invited public comments on this rule through April 15, 2022. RMA received comments to the Proposed Rule from approximately 200 interested parties. RMA is taking this opportunity to engage with interested parties to clarify the intent of the Proposed Rule before finalizing changes.
